

## **NEWS RELEASE**

FOR IMMEDIATE RELEASE

### **Patient Access Solutions Inc. Proudly Announces an Update**

Commack, NY, May 1, 2017 –Patient Access Solutions, Inc. (PASO), a provider of healthcare/financial processing and management solutions for the healthcare, and dental industries, proudly announces an update letter to shareholders.

Patient Access Solutions Inc., through its management company PASHealth Management Company Inc., opened its Plainview Center, specializing in the treatment of Autism, Concussion, PTSD and numerous other biomedical conditions.

Recognizing this potential, much of our work in 2016 and the beginning of 2017 focused on building a strong operational foundation to capitalize on the rapidly-evolving healthcare market of treating children with autism and adults with other types of neurological conditions.

Since opening the CIIT Center in January 2017, the response has been excellent. We have seen and have started treating over 60 children with Autism Spectrum Disorder and have had over 250 adults with various conditions walk through our doors. The CIIT Center's insurance billing has exceeded our internal projections by 22% for the first 3 months and as more media addresses the Center, we expect those numbers to far exceed projections.

We believe the work we have started with major Autism Associations, in and around Long Island, NY will prove to be a value improvement in the quarters and years ahead as the treatment protocols that our healthcare providers are instituting begins to revolutionize standard healthcare practices.

Our management team remains dedicated to creating value and protecting our shareholders. We will continue to demonstrate our commitment to the future of PASO through positive steps at improving our capital structure and generating substantial revenues.

Looking ahead, there are several key milestones we anticipate achieving in 2017. We believe that as we define and grow the current facility, there will be opportunity to branch out to additional locations, both geographically and demographically. The management believe that we will exceed our projections based on the feedback we are currently receiving.

On behalf of our management team, I want to personally thank you for your continued support of PASO

#### **About Patient Access Solutions Inc.([www.pashealth.com](http://www.pashealth.com))**

Patient Access Solutions Inc. (PASHealth) is a Healthcare Solutions company which has created a formidable array of technology, management resources and allies to enable it to become an agent of radical change in what has traditionally been a slowly evolving healthcare environment. For more information about the services and products of Patient Access Solutions, please visit our website at [www.pashealth.com](http://www.pashealth.com).

**About the CIIT Center ([www.theciitcenter.com](http://www.theciitcenter.com))**

**The CIIT Center** occupies 12,500-square feet, in a street level office building located right off two major highways in Plainview, NY. The progressive center provides great efficiency and convenience in how we serve our patients. The goal is to create integrated, personalized treatment programs where the patient and staff work in unison to identify the underlying health conditions causing the issues, as opposed to just treating the symptoms.
